RE: Grant Request — Transitional Housing & Independent Living for Youth Aging Out of Foster Care

Dear Members of the Board:

On behalf of our organization, I am pleased to submit this request for a **$15,000 program grant** to expand transitional living services and direct housing support for young people aging out of Nebraska's foster care system.

A Direct Mission Alignment

Your foundation's dedication to assisting youth in crisis and expanding opportunities for independent adulthood directly matches our frontline work. In the rural multi-county region we serve, young people aging out of the child welfare system at age 18 or 19 face an immediate structural cliff: zero dedicated transitional youth housing exists within an 8-county radius. Without family safety nets or rental history, these youth face extreme vulnerability to homelessness, exploitation, and uncompleted education.

What the Grant Funds

A $15,000 grant provides catalytic, practical assistance that directly unlocks stable adulthood: * **$7,500 in Rental & Security Deposit Subsidies:** Eliminates the insurmountable first/last-month deposit barrier, placing 5–7 youth into safe independent apartments. * **$4,500 in Vocational & Academic Bridge Grants:** Covers trade-school tools, nursing scrub uniforms, community college textbook fees, and laptop hardware required to secure living-wage jobs. * **$3,000 in Emergency Stabilization Funds:** Prevents catastrophic disruption by covering sudden utility bills, emergency prescription co-pays, and reliable transportation repairs.

Proven Community Stewardship

Our programs combine safe physical housing with intensive one-on-one coaching: budgeting, credit establishment, lease comprehension, grocery planning, and mental health maintenance. In the past program year, **92% of youth in our transitional housing initiative**

maintained continuous housing stability or transitioned into permanent independent leases, with 88% maintaining active employment or post-secondary enrollment.

Every dollar requested directly touches participant stability. We thank you for your dedication to vulnerable youth and welcome the opportunity to partner with the DanPaul Foundation.

Sincerely,

Brandon Hinrichs
